Foreword

We, of the yearbook staff, have worked steadily for many months to produce this volume of the SO-WO.

Within these pages we have tried to record in word and picture those persons and events that were a part of our total school program during the 1960-1961 school year.

We hope that, not only at the present but in the years to come, this book will be a treasured keepsake and that it will recall many happy memories.

Dedication

In special recognition of your unselfish interest in student welfare, your loyalty to your student and teacher associates, and the wisdom of your understanding counsel, we dedicate this seventh volume of the SO-WO to you, Mrs. Edward Phillips. May it be a memorial to your worthy aims and high endeavors.

Principal's Message

As the years pass, memories begin to fade, faces change, and personalities become different. Certainly any recording of our present self will hold the charm of the past in a very few decades. To record one's childhood memories and to let this continue through adulthood is the best known way to keep alive those cherished moments. So, this annual must record a portion of this life and as we look back upon it, we could not help but remember our wonderful associations.

An understanding for the "led" of those who "lead" them incurs more harmonious and efficient production for both - thus we find affection for our school, respect for its regulations and requirements, and faith in the future it offers us.

Directing, disciplining, differentiating - the members of our administration etch our futures. Though many students never meet the administrative staff personally, their names and their deeds are familiar to all of us. Somehow, this slight contact, though highly impersonal, serves to reveal much of the quality of our leaders and thus to impress upon us the dignity of their position, respect for their authority, and knowledge of their capability.

Supporting Staff

Here you meet our school secretary, the cafeteria workers, and our head custodian. These members of our school personnel are responsible for many of the details that make our school life click. Even though we do not meet them in the classroom, we feel their influence in our school. Their jobs are detailed and varied and their services equally as valuable, for without them we could not function as a school.

Library Club

The main objective of the Library Club for 1960-1961 is to improve the library service of the school. As student librarians, they perform much of the routine work of the library such as checking books in and out, repairing and shelving books, filing periodicals and newspapers, and keeping the library in an orderly arrangement. We, the students, appreciate their efforts in our behalf so that we may have a comfortable place of our own to forget ourselves, so to speak, in the world of printed page and picture.

MOTTO: To Make The Best Better

Our school is fortunate to have such a capable instructor in the department of music. His warmth, vitality, sincere interest in students and knowledge of music have inspired the students to strive for high standards of achievement. Under his leadership the choral divisions of the department have contributed greatly to the cultural life of the school and the community. He is esteemed by his students and admired by his colleagues for his dedication to the promotion of fine music.

Tina Grant

Our spirited majorettes always add color and excitement to the appearance of our marching band. Included in this group of talented performers is Chief Mary Lynn Stroud - the last pioneer member of our band. She has marched with our band for six years as one of our high-stepping majorettes. In her fourth year she was chosen head majorette, and for the past two years she has led the band in many colorful parades and activities.

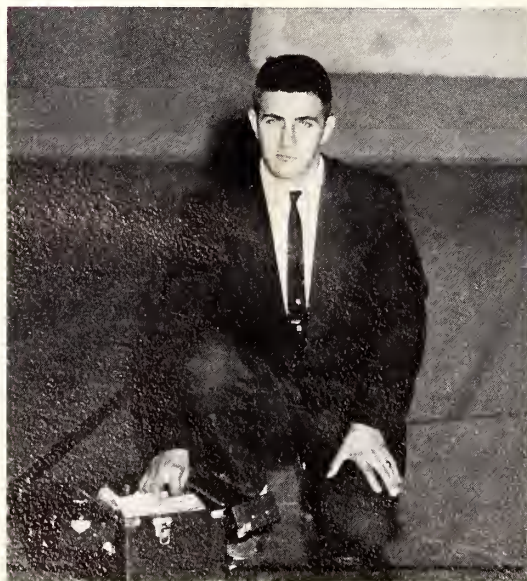

Athletics . . .

Coach Van Lee

Dedicated not only to winning but also to developing sportsmanship, clear thinking, competitive spirit, humility, and veracity, Mr. Lee has been a leader in making athletic functions an important facet of our school activities. Since 1953, he has led our boys' teams to six county championships; and this year's record gives every indication that the Yellow Jackets will be a strong contender for the 1961 title.

Baseball Team

The familiar call of the umpire rings in our ears, "Play Ball." The pitcher is on the mound, gets his signal from the catcher. There's the windup, the pitch, a called strike, and the 1961 baseball season is underway for the Southwood Yellow Jackets.

HOW HIGH CAN YOU CLIMB?

Graduation from high school starts you up the ladder of an adult life. The long climb can be rewarding for those who specially train themselves to step into our nation's important jobs.

Most of the easy inventions and discoveries already have been achieved. What remains today are the hard jobs of even further improving our wonderful way of life. Now, more than ever before, the call is out for men and women with sharp minds and clever hands to pool their talents to solve difficult problems in industry, science, agriculture, medicine and other fields. The opportunity to strengthen America, as well as to experience personal success, awaits for those who can produce.

With these prospects, you as graduates of Southwood High School should be on your way to a bright future. We extend our sincere wishes for success and happiness.
